

Dear Sir,

Thank you for letting us do our experiment with the rats. We named our rats Marshmellow and Cupcake. I liked when I got to take them home and got to hold them. I learned how rats act.

Thank you,
Hailey

Marshmellow

Cupcake

Dear Sir:

Thank you for the rats. We named them Marshmellow and Cupcake. I liked when they would hang on the top of the cage. I learned that Cupcake grew more than Marshmellow, because Cupcake drank the milk.

Sincerely,
Camryn

Dear Sir,

Thank you for letting us have the rats. We named them Cupcake and Marshmellow. I liked when I touched their little noses through the holes! I learned how rats act in their life.

Thanks again.

Sincerely
Nicole

Cupcake

Marshmellow

Dear Sir;

Thank you for the rats that we loved and cared for. We named them Marshmellow and Cupcake. I liked when Marshmellow started hanging upside down. I learned that if you drink more milk, you will grow more.
Thanks again.

Marshmellow

Sincerely,
Justin J.

Dear Sir,

Thank you for the Rats. We named them Cupcake and Marshmellow. I like when they were just very small. I learned that milk is healthier than sugar water. Thanks again!

Sincerely,
Macy

We Had Lots
of fun!!!!

Dear sir:

thank you for the rats. We named them Cupcake and Marshmellow. I liked when they would jump back into the cage. I learned that the rat with milk was the largest but marshmellow is catching up.

Thank again.

Sincerely,
Alairah
